

La Bohème Rigging

Rigging

The vessel's standing and running rig are quite new and in excellent condition.

1. The vessel's overall rig and sail configuration. Not shown: fore topsail and fisherman

2. Bow net and running rig

3. The standing rig was made by traditional professionals in Sweden.

4. Wormed, parcelled and served, then oiled, with hand-sewn leather sleeves.

5. Ratlines on both masts, on both sides. Topping lifts both sides with baggywrinkle.

6. Open deck for easy sail handling access, and no running backstays
